MEMORIA ANEXA Á CONVOCATORIA-INVESTIGADOR POSTDOUTORAL A TEMPO COMPLETO

DATOS DO PROXECTO:

CONNECTING: COproductionN with NatureE for City Transitioning, INnovation and Governance

Nº DE EXPEDIENTE:

Connecting, Project ID 730222, H2020-SCC-NBS

FACULTADE:

CC da Educación

INVESTIGADORA PRINCIPAL:

Dra. Adina Dumitru

OBXECTO DO CONTRATO:

A) Desenvolver a coordinación científica do Paquete de traballo 1, sobre Avaliación e evidencia sobre as Solucións Baseadas na Natureza, colaborando na realización dos informes vencellados ao mesmo:

- D1.1: Informe sobre leccións aprendidas, mapeado dos experimentos emerxentes e obradoiros con expertos, conducentes á síntese dos indicadores máis robustos para a avaliación do impacto das Solucións Baseadas na Natureza.
- D1.2: Caixa de ferramentas interactiva e dispoñible en liña sobre exemplos innovadores baseados na experiencia empírica para o desenvolvemento de Solucións Baseadas na Natureza en cidades.
- D1.3: Informe sobre as achegas das Tarefas 1.1 (base de datos), 1.2 (mapeado), 1.3 (resultados dos obradoiros) and 1.4 (procesos organizacionais e criterios).

B) Colaborar con todos os socios do Consorcio nas súas tarefas e informes e contribuír ao desenvolvemento dos informes dos Paquetes de Traballo 1, 4, e 6 do Proxecto CONNECTING en colaboración cos responsables dos devanditos Paquetes, especificamente nas seguintes tarefas:

European
Commission

Horizon 2020
European Union funding
for Research & Innovation

- T.1.3: Contribuír á definición de benestar e a súa relación coas Solucións Baseadas na Natureza. Identificar e definir unha batería de indicadores que serán empregados para a avaliación do desenvolvemento exitoso das Solucións Baseadas na Natureza, dentro dun proceso participativo a nivel cidade e inter-cidades.
- Task 1.5: Elaboración dun plan de recollida de datos e co-definición de estratexias para a recollida de datos que sexan eficientes en termos de custes e innovadoras. Identificación das fontes dispoñibles para a recollida de datos que serán empregadas para avalia-lo progreso na adopción das Solucións Baseadas na Natureza.
- Task 1.6: Preparación e posta en marcha dun plan para a recollida continuada de datos nas cidades participantes.
- Task 1.7: Co- avaliación e escalamento coas cidades multiplicadoras. Avaliación dos indicadores e bases de datos dispoñibles en contextos globais diversos, en colaboración coas cidades multiplicadoras que os adoptarán.
- Task 1.8: Formulación de recomendacións en base á síntese dos datos recollidos e co-creados, así como elaboración de recomendacións para a co-creación, co-desenvolvemento e co-xestión das Solucións Baseadas na Natureza efectiva en distintos contextos de Europa e fóra dela.
- Task 4.4: Desenvolvemento das Solucións Baseadas na Natureza.
- Task 6.4: Valorización de coñecemento e innovación arredor das Solucións Baseadas na Natureza.

C) Realización traballo de campo e desenvolvemento da parte científica dos informes periódicos en colaboración co Coordinador Científico.

D) Contribuír coas tarefas e informes de outros proxectos de investigación que o Grupo de Investigación leva a cabo, relacionados con CONNECTING.

European
Commission

Horizon 2020
European Union funding
for Research & Innovation

E) Coordinación científica do equipo de investigación con adicación no Proxecto CONNECTING.

REQUERIMENTOS - PERFIL DO CANDIDATO:

Doutor/a en Psicoloxía (Psicoloxía Social). Mínimo de tres anos de experiencia en participación en proxectos de investigación internacionais e interdisciplinarios sobre o medio ambiente, consumo e produción sostible, estilos de vida sostibles e/ou transicións cara á sustentabilidade. Coñecemento probado das Políticas Europeas de Sustentabilidade e de modelos de comportamento políticos. Experiencia en coordinación de equipos de investigación.

CRITERIOS DE SELECCIÓN PARA AQUELES/AS QUE CUMPRAN COS REQUERIMENTOS PREVIAMENTE ESTABLECIDOS:

- Experiencia en coordinación científica de polo menos 1 proxecto FP7 da Comisión Europea no eido das Ciencias da Sustentabilidade desde a perspectiva das Ciencias Sociais. (5 puntos por proxecto)
- Participación como líder de paquete en cando menos 1 proxecto FP7 da Comisión Europea das Áreas de Ciencias Sociais, Medio Ambiente e/ou Humanidades. (2 puntos por liderado de paquete, até un máximo de 4)
- Participación como líder de tarefa en cando menos un proxecto europeo FP7 ou H2020 (1 punto por liderado de tarefa, até un máximo de 3)
- Coñecer e manexar as seguintes técnicas e ferramentas de investigación para a análise cuantitativa e cualitativa de datos (1 puntos por técnica):
 - Atlas.ti
 - SPSS: análise de regresión múltiple, análise de escalamento multidimensional (multidimensional scaling analysis).
 - AMOS: Modelos causais, modelos de ecuacións estruturais.

• OUTROS REQUISITOS:

- Requisito mínimo. Inglés fluído equivalente a CPE (Cambridge English Proficiency), ou ter cursado coma mínimo dous anos de estudos universitarios nun país anglófono.

**CONNECTING CALL OF RECRUITMENT ATTACHED STATEMENT –
ASSOCIATE RESEARCHER, FULL TIME CONTRACT**

PROJECT DATA:

TITLE: CONNECTING: COproductionN with NatureE for City Transitioning,
INnovation and Governance

FILE NUMBER:

Connecting, Project ID 730222, H2020-SCC-NBS

FACULTY:

Educational Sciences

PRINCIPAL INVESTIGATOR:

Dr. Adina Dumitru

OBJECT OF THE CONTRACT:

A) Co-leading the work of WP1 on Assessment, Evidence and Evaluation of Nature Based Solutions with the project leader developing its mandatory reports:

- Deliverable 1.1: Report on the outcomes of the lessons learned, mapping of emerging experiments and expert workshops, leading to a synthesis of the most promising indicators for nature-based solutions.
- Deliverable 1.2: Interactive, online toolkit containing innovative evidence-based demonstrations for nature-based solutions deployment in cities: with examples of best practice and successful partnerships, including most creative governance and organizational change strategies.
- Deliverable 1.3: Report on the contributions from Tasks 1.1 to 1.4. Report on the outcomes of Tasks 1.1 (database), 1.2 (map), 1.3 (outcomes of the workshop) and 1.4 (organisational processes and criteria)

B) Collaborating with all the Consortium Partners tasks and reports and specifically contributing to develop the reports related with WP1, WP4, and WP6 in collaboration with the Work Package responsible, leading the following tasks:

- T.1.3: Contributing to the definition of wellbeing and nature-based solutions. Identifying and defining a series of indicators that will be used for assessing

European
Commission

Horizon 2020
European Union funding
for Research & Innovation

successful deployment of nature based solutions, in a participatory process at both city and inter-city level.

- Task 1.5: Elaboration of a data gathering planning and co-definition of innovative, cost-effective data gathering strategies. Identifying the existing sources of disparate data that could be pulled together to evaluate progress and also areas where new data are needed in order to progress the adoption of nature-based solutions.
- Task 1.6: Training and implementation of plan for continual data gathering with cities.
- Task 1.7: Co-evaluate and scaling out with multiplier cities: evaluate the indicators and sources of data in diverse global contexts, in collaboration with the multiplier cities that will be established.
- Task 1.8: Formulate recommendations on the basis of a synthesis of all the data gathered and co-created and formulate recommendations for the effective co-creation, co-implementation and co-management of nature-based solutions in diverse contexts across Europe and beyond.
- Task 4.4: Implementation of nature-based solutions.
- Task 6.4: Valorising knowledge and innovations about nature-based solutions.

C) Doing field research and developing the scientific part of the periodic reports in collaboration with the Scientific Coordinator

D) Contributing to the tasks and reports of other research projects the Research Group is involved with, that are linked to CONNECTING.

E) Assisting the Scientific Coordinator in all scientific coordination tasks, including communication with the Consortium.

APPLICANTS PROFILE:

Applicants should be PhD in Psychology (Social Psychology) and having worked previously in at least 3 years of experience in international and interdisciplinary research projects in the field of the Environment, Sustainable consumption and production, sustainable lifestyles and transitions towards sustainability. They should have knowledge of European Sustainability Policies as well as political behavior models as well as previous experience in coordinating research groups.

Selection criteria for those who meet the above mentioned requirements:

- Experience in scientific coordination of at least 1 FP7 European Commission project in the field of the Environment from the Social Sciences perspective (5 points per project).
- Involvement as a work package leader in at least 1 FP7 Project from the European Commission in the areas of Social Sciences, Environment and/or Humanities. (2 points per WP lead, up to 4 points).
- Involvement as task leader in at least 1 FP7 or H2020 Project from the European Commission in the areas of Social Sciences, Environment and/or Humanities. (1 point per task lead, up to 3 points).
- Knowledge and demonstrable ability to handle the following qualitative & quantitative data analysis software and research methods: (1 point per tool/ method).
 - Atlas.ti
 - SPSS: multiple regression analysis, multidimensional scaling analysis.
 - AMOS: Causal models, structural equation modeling

EXTRA REQUIREMENTS:

- Minimum requirement: Fluent English (Equivalent to CPE, Cambridge English Proficiency), or having completed at least 2 years of university education in a English-speaking country.
