No caso de que exista algúna persoa que fose beneficiaria o curso anterior dunha bolsa do Campus Industrial de Ferrol e estea a cursar un mestrado de máis de 60 créditos ECTS, é dicir de máis dun curso de duración, poderá solicitar a bolsa para o segundo curso académico. Estas persoas, en caso de cumplir os requisitos, terán prioridade fronte ás persoas de novo ingreso e por tanto o número de bolsas ofertado a persoas de novo ingreso verase diminuído en función das persoas que consigan a bolsa de continuidade.

A concesión dunha destas bolsas exime ás persoas beneficiarias do pago do importe da matrícula (60 créditos ECTS como máximo). O pago das taxas de secretaría (taxa de apertura de expediente, taxa de expedición de título e seguro) correrá pola súa conta.

Ademais, todas as bolsas para a modalidade presencial inclúen:

- a) un importe destinado a sufragar gastos de viaxe cuxa contía máxima varía segundo o país de procedencia (ver a táboa ao final deste apartado);
- b) e un importe destinado a sufragar gastos de estancia (manutención e aloxamento) no lugar onde se estea cursando presencialmente o correspondente mestrado de 600€/mes durante un período de nove meses correspondentes ao curso académico (setembro 2024 a maio de 2025, ambos inclusive), que se poderá ampliar a once meses no caso de ser necesario permanecer a efectos de avaliación (con límite máximo de xullo de 2025). Para esta ampliación deberá achegarse un xustificante asinado pola persoa coordinadora do programa de mestrado. A asignación só se desembolsará polo período efectivo de estancia da persoa bolseira en España xustificada oportunamente, excluíndo o período que poida mediar entre o comezo do curso académico e o desprazamento do/da bolseiro/á o lugar de destino para realizar os estudos correspondentes.

A contía máxima e cada unha das 7 bolsas é de 10.200 €.

Durante a súa estancia, os/as bolseiros/as contarán co apoio e o asesoramento técnico da Oficina do Campus Industrial, como ente encargado da xestión do Programa de Bolsas do Campus Industrial de Ferrol para Estudos de Mestrado Universitario, co fin de que atopen na UDC o ambiente adecuado para aproveitar con todas as garantías a realización do mestrado que cursen. In the event that an applicant has already been a beneficiary of a scholarship from Ferrol Industrial Campus in the previous academic year and s/he is studying a master's degree of more than 60 ECTS (more than one academic year), he/she may apply for the grant for the second academic year. The granting of this scholarship is subject to the fulfilment of the assessment requirements that will be detailed below. These people, if they meet the requirements, will have priority over new applicants and, therefore, the number of scholarships offered may be reduced.

The awarding of the grant exempts beneficiaries from the payment of the enrolment fee (60 ECTS max). The payment of the secretarial fees (registration fee, degree issuing fee and insurance) shall be paid by the beneficiary.

In addition, all on-campus scholarships include:

- a) An amount for travel expenses, whose maximum amount varies according to the country of origin (see table)
- b) An amount for living expenses (board and lodging) in the place where the corresponding master's degree is being taught. This amount corresponds to €600/month for 9 months (one academic year), extendable to 11 months in the event that it is necessary to stay for assessment purposes (deadline July 2025). For this extension, a supporting document signed by the coordinator of the master's degree must be provided. The grant will only cover the actual stay in Spain, duly justified, excluding the period between the beginning of the academic year and the beneficiary's travel to the place of destination.

The maximum amount of each of the 7 scholarships is €10.200.

During the period of stay and to find the appropriate environment with all the guarantees to make the most of the master's degree, the beneficiaries will have the support and technical advice of the Industrial Campus Office, in charge of the management of the Ferrol Industrial Campus Master's Scholarship Programme. For those issues not directly related to the scholarship programme itself, please contact the following UDC services:

5. SELECTION

Grants will be awarded according to the requirements set out in this call by a Selection Committee composed of the following persons:
